II nd	February-2022	FIRST	71.11%
I st	December-2020	FIRST	73.11%

SCHOOL GRADES:

Grade	Passed in	Obtained percentage
XII th	March-2019	91.2%
X th	March-2017	91.2%

WORK EXPERIENCE

- **International medical Intern, Jackson Park Hospital, Chicago, Illinois, USA (12/2024)**

Actively involved in patient care with inpatient rounds with attendings and residents, conducted patient evaluation, medical history taking. Saw a diverse range of cases from Stroke, Parkinson's, epilepsy, multiple sclerosis. Presented in didactics on topics like headaches, stroke mimics, epilepsy. Developed the key understanding skills of imaging reviews and neurological conditions.

- **International medical intern, Hialeah Hospital- Florida International University, Miami, Florida, USA (01/2025)**

A rigorous clinical elective in a high volume internal medicine setting, managing a diverse array of acute and chronic conditions across inpatient and out patient services. Gained exposure to a culturally unique predominantly Spanish speaking patient population, enhancing cultural sensitivity, communication adaptability and patient centered care in a multilingual environment. Worked closely with attending physician and residents, clinical documentation, presentation and case discussion skills in a fast paced hospital environment. Also presented a research on neuromodulation for bipolar disorder at the grand rounds.

- **International medical Intern, DocJ Advanced Neurology, Orlando, Florida, USA (02/2024)**

A hands on clinical elective focused on epilepsy and seizure disorders, with core exposure to video EEG monitoring. Observed and assisted in the interpretation of long term EEG recordings integrated with video data for accurate seizure classification and localization. Presented multiple different types of cases present at both ends of spectrum of neurology. Also performed basic neurologic examinations and observed and assisted in different procedures like trigger point injections, botox injection, anti CGRP injections, lumbar puncture, vitamin injections.

- **Medical Intern, Artemis Hospital, Gurugram, India (06/2024)**

Completed an observership in a tertiary care neurology department, gaining broad exposure to outpatient clinic, inpatient ward rounds, and intensive care unit (ICU) management. Observed the evaluation and management of patients with a wide spectrum of neurological conditions including stroke, epilepsy, movement disorders and neuromuscular diseases, attended daily ICU rounds, enhancing understanding of acute neurocritical care, ventilator support and neurological monitoring in critically ill patients. Participated in OPD, refining skills in neurological history taking, examination techniques and differential diagnosis formulation. Assisted in procedural interventions such as

therapeutic Botox injections for conditions like cervical dystonia and migraine gaining insight into their indications , technique and follow up care.

- **Intern doctor (04/01/2024-23/02/2026), G.M.E.R.S. Medical College, Vadnagar.**

Conducted thorough patient assessment- medical histories, physical examinations, and diagnostic evaluations. Interacted with patients, families, and healthcare team members, fostering a supportive and inclusive care environment

Under supervision, I practiced procedures such as suturing wounds, administering injection, Lumbar Puncture, resuscitative procedures, assisted in surgeries.

- **Clinical Observer (04/2022-05/2022), General Physician, FACT Healthcare, Gurugram.**

I learned to develop and implement effective treatment plans, manage chronic conditions, and respond to medical emergencies, prioritizing patient well-being and continuity of care.

- **Clinical Observer (04/2022-05/2022), Gynecologist, Saksham Healthcare, Gurugram.**

Assisted in conducting pelvic examinations, pap smears, breast examination, colposcopy. Educated patients on contraceptive methods, menstrual health, and management of sexually transmitted infections.
