

AMAN YADAV

Radiological Technologist (MRI & CT)

■ 8368430478 | ✉ aman2098qwe@gmail.com | ■ Faridabad, India

Professional Summary

Detail-oriented Radiological Technologist with 1 year of clinical experience in MRI and CT imaging. Proficient in operating Siemens 1.5 Tesla MRI and CT scanners, performing routine and contrast-enhanced studies including MRCP and CECT. Demonstrated ability to maintain high standards of patient safety, image quality, and protocol compliance in a fast-paced diagnostic environment.

Core Competencies

- MRI & CT Imaging Operations
- Siemens 1.5 Tesla MRI
- Contrast Studies: MRCP, CECT
- Patient Positioning & Care
- Radiation Safety & Infection Control
- PACS & Image Documentation
- Quality Control & Workflow Coordination

Professional Experience

Aarhi Scan & Research Centre, Faridabad

Radiological Technologist | 1 Year

- Performed MRI and CT examinations using Siemens 1.5 Tesla MRI and CT systems for routine and advanced diagnostic studies.
- Conducted contrast-enhanced procedures including MRCP and CECT in coordination with radiologists.
- Ensured accurate patient positioning, comfort, and safety throughout imaging procedures.
- Optimized scan parameters to achieve high-quality diagnostic images while minimizing artifacts.
- Strictly followed radiation protection guidelines and infection control protocols.
- Managed image storage and retrieval using PACS, ensuring proper documentation and data integrity.

Education

- Bachelor of Radio Diagnosis & Imaging Technology – 2024
- Intermediate – 2020
- High School – 2018
