

SHIVANI SHAH

Email: shivanishah7s7s@gmail.com

Phone: 8758752191

Address: D-6, Nirman vihar society, Manjalpur, Vadodara

ACADEMIC PROFILE:

Pharmacy graduate with strong interest in patient-focused care, medication safety, patient counseling, pharmacology and therapeutics.

Academic hospital exposure:

studied hospital pharmacy, clinical pharmacy, and pharmacotherapeutics.

Learned adverse drug reaction, side effects, and patient counseling principles.

EDUCATION:

EDUCATION	INSTITUTE	PERCENTAGE	PASSING YEAR
B.pharmacy	Sigma institute of pharmacy [GTU]	CPI: 8.92	2025
HSC	Rudra school of science	76%	2021
SSC	Little flower school	76.6%	2019

FINAL YEAR RESEARCH PROJECT/ RESEARCH EXPERIENCE:

Title: Formulation And Evaluation of Amikacin Loaded Niosomal Gel by using design of experiment software (DoE 10 version)

(Conducted pre-formulation studies of amikacin, used laboratory techniques to analyze physicochemical properties of amikacin API, also performed evaluation parameters of final formulation.)

PUBLICATION:

Authors: Bhoomika Malete, Shivani Shah, Dr. Chainesah Shah, Dr. Umesh Upadhyay

Research article: screening of surfactants in ivermectin proniosomes using QbD

approach Journal name: International Journal of Scientific Research

Year: 2024

(under the guidance of Mpharm senior student)

Studied research article publication process as well as assisted in formulation development

INTERNSHIP:

Internship in Relax Biotech Pvt Ltd, Makarpura, 1 month internship during 6th semester

QA department: learned HVAC, GMP, SOPs, documentation, batch records, error prevention

QC: laboratory testing for API and finished product

Production: Observed various stages of manufacturing for tablets, capsules, labeling, packaging

CERTIFICATIONS:

- **HPLC**
One-week hands-on training on HPLC from Educroma, gain knowledge about HPLC principle, its types and more.
- **EMINENCE (PHARMA MODEL)**
Pharma model of tablet manufacturing process and its various stages (sigma institute of pharmacy)
- **POSTER PRESENTATION**
poster presentation in pharmaceuticals related to hydrogel formulation of chitosan for wound healing.
[umrakh, surat]
- **pharmavision poster presentation**
poster presentation in pharmavision [anand] over-the-counter medicines (OTC) safety measures

ACADEMIC KNOWLEDGE AND FOUNDATIONAL SKILLS:

Basic patient counseling concepts

Foundational knowledge of pharmacology and therapeutics

Familiarity with dosage forms and routes of administration

Awareness of common adverse drug reactions and importance of reporting

Academic understanding of drug storage

Ms excel [Basic level, self-learning]

Laboratory skills (UV spectroscopy, HPLC, and other equipment)
