❖ Key Responsibilities JOB PROFILE (Dhiraj General Hospital):

My role as the Floor Coordinator Manager in a hospital is the central link between patients, medical staff, and administrative operations. Their primary goal is to ensure smooth workflow on a specific floor or unit, directly impacting patient satisfaction and operational efficiency.

- Patient Flow Management:
 - o Coordinate daily inpatient (IP) activities, including smooth admissions, transfers, and room allocations.
 - o Oversee the discharge process by informing patients in advance and coordinating final bill generation with the billing department.
 - o Update bed availability and status in real-time to maintain efficient patient movement.
- Patient & Family Liaison:
 - o Serve as the primary point of contact for addressing patient queries, grievances, and feedback.
 - o Conduct regular floor rounds to meet patients, ensure their comfort, and collect feedback on services like food quality and room cleanliness.
 - o Assist in counseling families regarding appointments, follow-ups, and hospital procedures.
- Operational Oversight:
 - o Supervise non-clinical floor staff, including housekeeping, security, and front-desk executives.
 - o Monitor facility maintenance, ensuring equipment like patient bells and beds are in working order by coordinating with the biomedical or maintenance teams.
 - o Ensure the floor maintains high hygiene and safety standards in compliance with hospital protocols.
- Inter-Departmental Coordination:
 - o Act as a bridge between nursing staff, physicians, and administrative departments (pharmacy, billing, insurance, and diagnostics).
 - o Collaborate with the nursing team to support scheduling, documentation, and emergency resource allocation.
- Administrative & Reporting Tasks:
 - o Maintain accurate records of daily patient visits, census, and operational escalations.
 - o Prepare daily/weekly reports for management review to track floor performance and efficiency.

❖ JOB PROFILE:

In Year of 2020-2023, Clinic (Shreeji Clinic - Tower -F / 9 (Ground Floor) Kanha Luxuria, Waghodia Road, Vadodara) and having facility as under,

- examine and talk to patients to diagnose their medical conditions.
- promote health education.
- information to be shared with patients requiring special care, followed by investigations and treatment.
- support to patient for the taking sample report at clinic. i.e Blood, urine.
- Give the best enhance call support strategies to be followed during Covid-19 pandemic & many more.
- Evaluate patients and provide appropriate medical treatment for various illnesses and injuries.

Below Profile has derived as my past experience in the multi-specialty hospitals.

So far, I have worked as a Lead Medical officer in many multi-specialty hospitals.

I am worked in various departments such as General Medicine, General Surgery, OPD, Obstetrics and Gynecology, Pediatrics, Orthopedics, Special Rooms, Semi Special Rooms, General Wards and handled many Covid-19 Patients during Epidemic.

I was done dependent work and handled the manpower directly or indirectly involved in the activities of the hospital. Work counseling includes coordination with physicians who can guide for patient illnesses resolution and coordinates with other departments for patient lists, tests, local problems occurring during the journey & patient reports, guidance, RSBY card lists., Etc.

Key potentials are,

- Respond to patients' medical problems by referring to their history, carrying out diagnosis, treatment, counseling, and referral, where necessary.
- Order lab tests and interprets the test results & Always maintain confidentiality and impartiality.
- Collect, record, and maintain sensitive patient information such as examination results, medical history, and reports.
- Explain procedures or prescribed treatments to patients.
- Liaise with medical professionals in the community and hospitals.
- Promote health education in conjunction with other health professionals.
- Keep up to date with medical developments, treatment, and medication.
- teach and supervise junior doctors and medical students.
- Handling NABH documents and digital modules to handle the patient's profiles.
- Motivate the patient and new intern to do best in support for hospital through the new concept regards idea / techniques.
- Pipeline corresponding activity before and after operation or OPD.

Training:

- Digital Module -1 for patient care concept
- Awareness training for Emergency support during COVID-19.

Awards /appreciation Certificates:

- “Team Award” during COVID-19. (Parul Sevashram Hospital)
- “Outstanding Performance Q1” during RKPH.

Yours Faithfully
