

FATEMA CHINWALA

fatemachinwala2@gmail.com | +91 – 70488 97771 | Vadodara. Gujarat, India

PROFESSIONAL SUMMARY

Pharmacy postgraduate with practical experience in quality documentation, compliance support, and pharmacy operations within regulated healthcare settings. Strong foundation in pharmaceutical sciences, regulatory frameworks, and Good Pharmacy Practice, with exposure to audit readiness, inventory traceability, and controlled documentation. Proficient in SaaS-based pharmacy software and data management tools to support accuracy, transparency, and regulatory compliance. Seeking to contribute in healthcare and medical services sector.

EDUCATION

Master of Pharmacy (M. Pharm- Silver Medalist) – Sigma Institute of Pharmacy, Vadodara, Gujarat 2023 – 2025
Bachelor of Pharmacy (B. Pharm) – Sigma Institute of Pharmacy, Vadodara, Gujarat 2019 – 2023

EXPERIENCE

Pharmacist, Isha Hospitals, Vadodara, Gujarat June 2025 – December 2025

- Maintained accurate patient medication records in hospital pharmacy systems, ensuring confidentiality and compliance with data privacy and medical record retention standards.
- Utilized pharmacy information systems and electronic health record (EHR) interfaces to support traceability, audit readiness, and error reduction in medication workflows.
- Participated in inventory control procedures, including batch tracking, expiry monitoring, and controlled drug documentation in accordance with hospital SOPs.
- Assisted in QA-related documentation activities, including deviation tracking, record corrections, and SOP compliance verification.
- Supported software-based reporting and documentation processes, ensuring data accuracy, controlled access, and system reliability consistent with pharmacy SaaS governance and validation principles.

Pharmacy Technician, Maruti Hospital, Vadodara, Gujarat May 2023 – June 2025

- Maintained and controlled cash registries, ensuring adherence to financial procedures and regulations.
- Utilized Healthwatch, MS Office, Adobe and info-soft software to streamline pharmacy operations, ensuring efficient medication management.
- Collaborated with pharmacists, billing teams, clinicians, and administrative staff to address root causes of denials, including coding accuracy, prescription validation, and documentation completeness.
- Prepared Excel database for patients and maintained documentation adhering to the standard guidelines.
- Audited patient medication charts, medical histories, and other documentation to provide seamless shift priorities to the physicians.
- Supported quality assurance activities by reviewing prescription completeness, dosage accuracy, and drug interaction alerts within hospital pharmacy software platforms.
- Assisted in dispensing and verification processes under the supervision of a registered pharmacist, ensuring compliance with applicable provisions of the Drugs and Cosmetics Act, 1940 and associated Rules.

SKILLS

- Basic knowledge of Medicines and Drug uses
- Quality By Design (QBD)
- Design of Experiment (DOE)
- Preformulation Studies
- Formulation and Development
- Proficient in detailed documentation MS Word, Excel and PowerPoint
- Insurance claims/AR process appeals

PROJECTS

Formulation and Development of Etoricoxib Topical Film Forming Sprays Using QBD **March 2024 – Nov 2025**

- Formulated and optimized Etoricoxib topical film-forming sprays using the Quality by Design (QbD) approach to enhance drug delivery and efficacy. Conducted analytical evaluations to assess film properties, drug release, and stability, ensuring compliance with pharmaceutical standards.

A Comprehensive Review on Basic Concept and Requirements of Clinical Trials Study **Aug 2022 - Jan 2023**

- Conducted a comprehensive review on the fundamental concepts, phases, and ethical considerations of CT studies. Analyzed regulatory requirements and international guidelines (ICH-GCP, FDA, WHO) involved in CT design.

Analysis of Critical Material Attributes (CMAs) Effect on Aceclofenac Transdermal Patch **Feb 2022 - Aug 2023**

- The outcome of this study shows that the difficulty related to Aceclofenac on oral administration like gastric side effects and dissolution rate limited can be overcome by applying Aceclofenac topically in the form of transdermal patch.

Nutraimmune Research Project **Jun 2021 - Jan 2022**

- Analyzed the impact of Nutraimmune tablets on enhancing immune system strength and overall health.

Banana Peel Fertilizer Development **Apr 2020 - Jan 2021**

- Developed an organic Banana Peel Fertilizer designed to improve plant nutrition, strengthen plant structure, and enhance resistance to pests. Led testing and formulation processes, ensuring optimal nutrient composition for plant growth.

TRAINING PROGRAMMES

- Participated in Hands on Training in Precision in Practice: Exploring Microneedle Drug Delivery System on 15th Oct (2024) organized by Anand Pharmacy College in association with SSIP, IIC & IPA.
- Participated in Hands on Training on Print on Future: Exploring Advance 3D Printing Techniques on 16th Oct (2024) organized by Anand Pharmacy College in association with SSIP, IIC & IPA.
- Participated in 2 days Hands on Training during QBD DOE workshop held at Sigma University.

CERTIFICATIONS

- Participated in one day National Webinar entitled “Shaping the Future of Pharmacy: New Trends & Opportunities” organized by Department of Pharmacology under the aegis of IQAC @ MSGCOPER.
- Participated in 3rd National organized by Scientific Era on the theme “Nano Formulation in Pharmaceutical on the Scientific Era Platform for the Life Sciences and Pharmaceutical Sector”.
- Participated in National Wibe Webinar organized by Tech Mindsparc Innovation in Recognition of Efforts and Achievements ISO 9001.
