2012	S.S.C. (Matriculation)	GSEB, Gujarat	47.60%

PROFESSIONAL EXPERIENCE: -

Nursing Incharge | Dr. Kiran C.P Patel Medical Collage & Research Institute Hospital, Bharuch

October 2019 – Present

- ❖ Overseeing ward management and supervising nursing staff to ensure high standards of patient care.
- ❖ Managing emergency protocols, staff scheduling, and coordination with medical officers.
- ❖ Ensuring compliance with hospital policies and maintaining accurate clinical documentation.

Staff Nurse | Palmland Hospital, Bharuch

December 2018 – October 2019

- ❖ Provided comprehensive bedside care and administered medications in a private healthcare setting.
- ❖ Assisted in various clinical procedures and monitored vital signs for critical and general ward patients.

Clinical Intern (Female Nurse)

- ❖ **SSG Hospital, Vadodara** (3 Months)
- ❖ **C.G. Hospital, Uttarsanda** (3 Months)
- ❖ Gained hands-on experience in high-volume government hospital settings, focusing on maternal health, general medicine, and surgical wards.

CORE RESPONSIBILITIES & CLINICAL SKILLS :-

- **Comprehensive Patient Care:** Administer specialized medical treatments and personalized care for ill, injured, and recovering patients.
- **Clinical Monitoring:** Maintain precise documentation of patient vital signs to ensure stable hemodynamic status.
- **Medication Administration:** Expertly administer medications via oral, subcutaneous, and intramuscular routes, ensuring accurate charting and dosage.
- **Wound & Therapeutic Care:** Perform sterile wound dressings and manage therapeutic applications, including hot/cold compresses and enemas.
- **Patient Safety & Advocacy:** Vigilantly monitor for adverse drug reactions and provide immediate clinical reporting to the medical team.
- **Equipment Proficiency:** Skillfully assemble and manage medical apparatus such as **catheters**, **tracheotomy tubes**, and **oxygen delivery systems**.
- **Diagnostic Support:** Collect and prepare biological samples (blood, urine, sputum) for laboratory analysis and diagnostic testing.
- **Nutritional Oversight:** Meticulously track and record fluid intake/output and nutritional requirements to monitor patient recovery.
- **Mobility & Hygiene:** Assist patients with Activities of Daily Living (ADLs), including safe mobilization and personal hygiene maintenance.
