

Dr. Prajesh Patel, M.B.B.S

prajeshpatel01@outlook.com • +91-7874696030 • DOB – 11/12/2001

EDUCATION

G.M.E.R.S Medical College and Hospital, Vadnagar

2019-2026

FAIMER School ID: F0006703

Affiliated to Hemchandracharya North Gujarat University, Patan

Bachelor of Medicine and Bachelor of Surgery, M.B.B.S (US equivalent to MD)

Completed compulsory rotating internship of twelve months in February 2026

Registration No. : G-101330

School grades

Standard XII – Shannen School (GSEB) 81%

March 2019

Standard X – Shannen School (CBSE) 94.08%

March 2017

WORK EXPERIENCE

International Medical Intern, Back Institute Neurosurgery, Beverly Hills, California, USA.

April-May, 2025

Role

- Specialized in ultra-small spine surgery techniques, contributing to an exclusive practice. Actively reviewed patient CT and MRI scans to achieve the highest precision in spinal pathology diagnosis. Acquired expertise in Nanoscopic spinal surgery, understanding its intricate anatomical correlations. Conducted thorough reviews of patient records, focusing on comprehensive history analysis. Ensured timely attendance to pre-operative and post-operative patient rounds.
- Presented a case of 76 year old male patient with spinal compression of L3-L5 to an attending before surgery.

International Medical Intern, Jackson Park Hospital, Chicago, Illinois, USA

March-April, 2025

Role

- Engaged in a diverse patient flow, including traumatic gunshot wounds and routine procedures such as Laparoscopic GI surgeries. Attended didactic sessions on topics like HIDA scans, stomach and duodenal ulcers, rolling and sliding hernias, and liver cirrhosis.
- Scrubbed in for Laparoscopic Appendectomy and Laparoscopic Cholecystectomy, and observed numerous Colonoscopies and EGDs.
- Presented a case on a female patient with a spinal tumor secondary to Multiple Myeloma.

International Medical Intern, HCA Florida, JFK Hospital, West Palm Beach, Florida, USA

February-March, 2025

Role

- Provided apex neurosurgical care for patients with cranial and spinal pathologies in a high patient flow hospital. Gained experience with advanced techniques, including SSEPs, MEPs, intraoperative EEG, and various suture preferences. Collaborated with scrub technicians and circulating nurses to enhance surgical skills and build professional connections.
- Participated in complex surgeries such as Endonasal stereotactic tumor excision with ENT surgery, Cranial Flap reconstruction with Plastic Surgery, and Scoliosis correction (coast-to-coast) with Orthopaedic surgery.
- Engaged in a comprehensive hospital ecosystem, fostering relationships with attendings and residents across departments during lunch breaks. Shared and learned about diverse cultures, cuisines, and city attractions with colleagues.

International Medical Intern, Jupiter Medical Centre, Jupiter, Florida, USA February-March, 2025

Role

- Participated in an extensive hands-on inpatient operative elective, treating patients with cranial and spinal pathologies. Conducted pre-operative rounds and ensured precise patient preparation and positioning.
- Scrubbed in on rare cases, including a spinal tumor at L5-S1 secondary to Multiple Myeloma, a parenchymal tumor secondary to Malignant Melanoma, and a hemicraniectomy in a traumatic patient with IVH + Hydrocephalus.
- Gained hands-on experience from skin incision to closure, bone excision using rongeurs, and fixation of spinal screws and rods.

International Medical Intern, Palm Beach Neurosurgery, Lantana, Florida, USA February-March, 2025

Role

- Conducted outpatient consultations for patients with conditions such as brain tumors and spinal malignancies, taking comprehensive histories and reviewing patient images.
- Gained exposure to a culturally diverse, predominantly Spanish-speaking patient population, enhancing cultural sensitivity, communication adaptability, and patient-centered care in a multilingual environment.
- Engaged in discussions with attendings, residents, and PAs to explore various differentials for specific presentations, ensuring continuous expansion of knowledge.

Intern Doctor, GMERS Medical College, Vadnagar

**April, 2024-
February, 2026**

Role

- Conducted physical examination, interpreted lab results, performed minor procedures, and developed treatment plans while rotating across different departments. Participated in daily rounds and case presentations, assisted in surgical procedures.

VOLUNTEER EXPERIENCE

Medical Camp Volunteer

April 2024

- Provided free medical consultation as an intern doctor, organized by National Medicos Organization in Ahmedabad.

Volunteer during COVID-19 Pandemic

Mar-Apr 2021

- Volunteer as a medical student in COVID-19 wards in taking daily vitals of admitted patients.

Conducted virtual conferences during COVID-19

Aug-Sept 2020

- Help volunteer to conduct conferences named ILAAJ and PANDAMIC during COVID-19 through MSAI.
