Orcid Id: 0009-0009-0467-6589

PROFESSIONAL SUMMARY

Doctor of Pharmacy (PharmD) Intern with a deep-seated commitment to clinical excellence and patient-centered care. Through extensive rotations at Sir Sayajirao General Hospital, I have developed a practical, hands-on approach to medication therapy—specializing in dose optimization and safety across diverse populations in ICU, Obstetrics & Gynecology, Paediatrics, Surgery, and General Medicine. Beyond the ward, I am an active contributor to the pharmaceutical sciences, with multiple peer-reviewed publications focusing on clinical pharmacology and pharmacovigilance. A natural collaborator and leader, I thrive in fast-paced environments, whether I am coordinating national-level academic festivals like PharmaFest 2026 or leading community outreach initiatives to improve public health literacy. I am driven by the goal of bridging the gap between complex clinical research and patient safety.

EDUCATION

Doctor of Pharmacy (PharmD) | Jun 2020- May 2026

Department of Pharmacy Practice, Parul Institute of Pharmacy & Research, Parul University, Limda, Vadodara, 391760, Gujarat, India.

Cumulative Percentage: 78.60%

Higher Secondary Education (Stream: Science) | 2017-2019

Arniko International Academy Secondary School, Talchhikhel, Lalitpur, Nepal.

CGPA: 2.53/4

Lower Secondary Education | 2017

Janta Madhyamik Vidyalaya, Shivapur, Dhanusha, Nepal

GPA: 3.50/4

Internship

Parul Sevashram Hospital (PSH)

Clinical Pharmacist Intern

(Apt 2026- Present)

- ICU
- DIC (Twice weekly)

Sir Sayajirao General Hospital (SSGH), Vadodara, Gujarat, India.

Clinical Pharmacist Intern

June 2025 – Mar 2026

- | | | |
|----|-------------------------|-----------------------|
| 1. | Obstetrics & Gynecology | (Feb 2026 – Mar 2026) |
| 2. | Pediatrics | (Dec 2025 – Jan 2026) |
| 3. | General Medicine | (Aug 2025 – Nov 2025) |
| 4. | General Surgery | (Jun 2025 – Jul 2025) |

Activities:

- Performed comprehensive medication therapy evaluation across diverse patient populations, including obstetric, pediatric, medical, critical and surgical cases
- Assessed drug safety in special populations, including pregnancy (teratogenic risk) and pediatrics (weight- and BSA-based dosing), geriatrics
- Conducted medication reconciliation and polypharmacy management in multi-morbid patients to ensure therapeutic appropriateness
- Identified, documented, and intervened on drug-related problems (DRPs) including adverse drug reactions (ADRs), dosing errors, and significant drug–drug interactions
- Evaluated antibiotic selection and antimicrobial use in peri-operative and clinical settings in accordance with hospital and national guidelines
- Monitored therapeutic outcomes and drug safety, including dose-related toxicities and IV medication compatibility
- Delivered patient-centred counselling on medication adherence, prenatal supplementation, and lactation safety
- Provided drug information services to support clinical decision-making and optimize patient care
- Participated in multidisciplinary ICU ward rounds with intensivists, contributing to pharmacotherapy optimization
- Reviewed patient medication charts for dose appropriateness, interactions, and renal/hepatic adjustments
- Monitored ADRs and high-alert medications (e.g., antibiotics, anticoagulants, sedatives) for safety and efficacy
- Supported antimicrobial stewardship and provided evidence-based drug information during clinical decision-making
- Provided patient counseling on dispensed medications, including dosage, administration, and side effects
- Promoted medication adherence and educated patients on disease management and lifestyle modifications

ACADEMIC PROJECTS & PUBLICATIONS

Project:

Title: Assessment of Coagulation Profile Abnormalities in Type 2 Diabetes Mellitus and Their Relationship with Disease Duration and Glycemic Status: A Prospective Observational Study | n=146

Parul Sevashram Hospital

(Oct 2024- Mar 2025)

Publications:

1. **Rain RA**, Bhattacharjee T, Patel P, Rajbhar P sunil, Aesha V, Suratiya N. Premenstrual Syndrome: Exploring the Role of Current Understanding of Lifestyle Factors and Future Research Prospects. **Journal of Psychosexual Health**. 2026;0(0). doi:10.1177/26318318261420868
2. **Rain RA**, Bhattacharjee T, Patel P, Badhai M, Reddy GA. A Case Report on Dermatomyositis Highlighting Muscle Weakness and Rash. **Journal of Young Pharmacists**. 2025;17(1):243.
3. **Rain RA**, Reddy GA, Badhai M, Khatoon A, Nayak SS. Thrombo-occlusive left lateral medullary syndrome (Wallenberg syndrome) with iron deficiency anemia: A case report with clinical insights. **Indian Journal of Case Reports**. 2026 Jan 19;12(1).

4. **Raj Ahmad Rain**, Mohit Badhai, G Anil K Reddy, Titli Bhattacharjee, SP Srinivas Nayak. Pharmacokinetic drug-drug interactions: a detailed systematic review. **Nat J Pharm Sci** 2024;4(2):37-44. DOI: 10.22271/27889262.2024.v4.i2a.109

SKILLS

Clinical Skills

- Prescription auditing and medication chart review
- Therapeutic Drug Monitoring (TDM)
- Adverse Drug Reaction (ADR) identification and reporting along with causality assessment (WHO-UMC)
- Medication error detection and reporting
- Drug–drug interaction screening
- Antibiotic stewardship and rational antimicrobial therapy
- IV admixture review and medication safety evaluation
- Drug information services and evidence-based query handling
- Patient and caregiver counselling
- Ward round participation
- Medication reconciliation and polypharmacy management
- Clinical documentation and case assessment

Technical & Research Skills

- IBM SPSS (statistical data analysis)
- Presentation skills
- Pharmacovigilance databases: VigiFlow, VigiAccess, FAERS, OpenVigil
- Systematic literature review and research methodology
- Research protocol writing
- Manuscript drafting and scientific editing
- Reference management (Zotero)
- Drug information databases: PubMed, Google Scholar, Lexicomp, Micromedex
- Microsoft Office (Word, Excel, PowerPoint)
- Google Workspace (Docs, Sheets)
- AI & ML
- Data interpretation and clinical decision support

Soft Skills & Professional Competencies

- Clinical reasoning and problem-solving
- Effective communication and patient interaction
- Interdisciplinary teamwork and collaboration
- Time management and task prioritization
- Adaptability in clinical environments
- Professional ethics and confidentiality
- Presentation and academic communication skills

CONFERENCES, WORKSHOPS & WEBINARS

Conferences

1. **15th Annual SAC–ACCP Conference, January 4–5, 2025 | Goa, India**
South Asian Perspective: Clinical Pharmacology – New Horizons in Patient-Centric Drug Development
2. **ANRF Sponsored PicFOP International Conference, January 24–25, 2025 | Vadodara, India**
Frontiers in Drug Delivery Systems and Biopharmaceutics: Revolutionizing Medicine
3. **Rationalizing Medication: A Patient-Centered Approach to De-prescribing and Managing Polypharmacy**
CliMed Academy, CliMed Research Solutions, June 22, 2025 | Virtual

Pre-Conference Workshops

4. Basics of PBPK Modeling and Hands-on Training on Introduction to GastroPlus X
5. AI-Enabled Drug Development: Clinical Trial Protocol Authoring and Protocol Digitization
6. Introduction to Pharmacometrics and Applications in Clinical Development

Webinars

- Design and Conduct of Clinical Trials – Session 3 organized by Indian Society for Clinical Research (ISCR) on November 8, 2024
- Importance of Patient Safety in Global Drug Development, organized by Indian Pharmaceutical Association (IPA) and ClinoSol Research Pvt. Ltd. On October 19, 2024
- Nanotechnology in Drug Delivery, organized by Society of Clinical Research and Medical Professionals (SCRMP) on December 27, 2024
- Role of Biosensors in Pharmacare Setup in 21st Century, organized by SCRMP Future Rx Dialogue Lecture Series on November 19, 2024
- Anticancer Therapy Toxicology Masterclass, organized by CliMed Academy on July 24, 2024

LEADERSHIP & COORDINATION EXPERIENCE

Public Liaison Officer

Society of Clinical Research and Medical Professionals (SCRMP) – Pharmacy Wing, Student Forum, Registered under Telangana Societies Registration Act, 2001 (Reg. No. 417 of 2024)

Coordinator – PharmaFest (Jan-2026)

Organized by Faculty of Pharmacy, Parul University | National-Level Academic & Cultural Festival

As the Coordinator for PharmaFest 2026, I spearheaded the end-to-end planning and execution of this national-level festival, successfully hosting over 1,700 participants across 15+ concurrent academic and cultural events. My role was multifaceted, ranging from high-level strategic leadership to the technical design of scientific workflows, including developing structured abstract submission systems and standardized evaluation matrices for research presentations. By architecting a centralized registration database and attendance tracking framework, I ensured seamless data management across multi-disciplinary teams. Beyond the logistics, I focused on building a collaborative environment by leading cross-functional volunteer teams, optimizing inter-committee communication, and overseeing the final certification and award workflows to ensure a professional experience for all attendees.

PHARMACOVIGILANCE & PUBLIC HEALTH INITIATIVES 2022 – 2026 | Gujarat, India

- **Pharmacovigilance & Medication Safety:** Spearheaded large-scale sensitization programs for ~2,500 students on ADR identification and PvPI reporting mechanisms. Organized annual medication safety rallies and university-wide initiatives aligned with National Pharmacovigilance Week to promote rational drug use and regulatory awareness.
- **Rural Health & Clinical Outreach:** Led interdisciplinary teams in rural health check-up camps and village-level outreach programs. Provided clinical counseling and screening services for anemia, menstrual hygiene, and women's health, bridging the gap in healthcare access for underserved populations.
- **Preventive Oncology & Specialized Education:** Directed patient education initiatives at SSGH Hospital focused on early cancer detection, risk factors, and preventive oncology. Conducted interactive hygiene, nutrition, and rational medicine use sessions for school-aged children to foster early health literacy.

Languages

- English: Professional Proficiency
- Hindi: Fluent
- Gujarati: Conversational
