Professional Summary

Highly motivated Bachelor of Technology student specializing in Artificial Intelligence, with strong academic knowledge in machine learning, data analysis, and software development. Passionate about designing intelligent systems that solve real-world problems. Actively seeking internships or entry-level roles to apply theoretical knowledge in practical industry environments and further develop professional skills.

Internship Experience

Artificial Intelligence Intern

June 2025 – July 2025

EdiGlobe

- Successfully completed a certified internship in the domain of Artificial Intelligence.
- Worked on problem-solving tasks involving real-world datasets and logical analysis.
- Gained hands-on exposure to Python-based AI workflows and basic machine learning concepts.
- Demonstrated excellent communication skills, a strong professional work ethic, and the ability to adapt quickly to new technologies.
- Collaborated with peers and mentors to understand industry practices and project development cycles.

Education

Bachelor of Technology (B.Tech) – Artificial Intelligence

Parul University, Vadodara

2023 – 2026

CGPA: **7.42**

Diploma

CGPA: **8.58**

Technical Skills

- **Programming Languages:** Python, Java, C
- **Web Technologies:** HTML, CSS, JavaScript
- **Frontend & Backend Frameworks:** React, Node.js, Express.js
- **Databases:** MongoDB, MySQL
- **Artificial Intelligence:** Machine Learning, Natural Language Processing, Data Analysis
- **Development Tools:** Git, GitHub, Visual Studio Code

Academic & Technical Projects

AI-Powered Symptom Analysis System

- Designed and developed an AI-based system capable of analyzing patient symptoms using Natural Language Processing techniques.
- Implemented machine learning algorithms to predict possible health conditions and recommend preliminary treatments.
- Focused on improving accessibility to primary healthcare through intelligent automation.
- Built a scalable full-stack architecture using the MERN stack.

Certifications

- Python Programming Certification
- Computer Networks and Internet Protocol
- Theory of Computation
- Internet of Things

Soft Skills

- Strong problem-solving and analytical thinking
- Effective communication and interpersonal skills
- Team collaboration and adaptability
- Time management and organizational skills

Interests

Cooking, Dancing, Listening to Music, Watching Horror Movies

Declaration

I hereby declare that the information provided above is true and accurate to the best of my knowledge and belief.
