

NAJAS A

CARDIAC PERFUSIONIST

+91 8606022487 | najasnajas447@gmail.com | Kerala, India

PROFESSIONAL SUMMARY

Senior Perfusionist with nearly five years of extensive experience in adult, pediatric and congenital cardiac surgeries, independently managing over 550 cardiopulmonary bypass cases in high-volume cardiac centers. Highly proficient in CPB management, complex congenital procedures, DHCA with SACP/RCP, ECMO (VA & VV), IABP and centrifugal pump systems, with strong expertise in handling high-risk, emergency and redo cardiac surgeries. Recognized for maintaining optimal perfusion parameters, ensuring hemodynamic stability and delivering safe clinical outcomes while strictly adhering to international operating room protocols and patient safety standards.

KEY SKILLS

- Cardiopulmonary Bypass (CPB)
- ECMO Management
- IABP Support
- Perfusion Monitoring
- Hemodynamic Management
- Anticoagulation Control
- Temperature Regulation
- Adult Cardiac Surgery Support
- Pediatric Cardiac Surgery Support
- Emergency Case Handling
- Equipment Handling & Maintenance
- OT Safety & Infection Control

WORK EXPERIENCE

CHRIST HOSPITAL, RAJKOT - INDIA

DECEMBER 2024 - PRESENT

PERFUSIONIST

- Independently manage cardiopulmonary bypass (CPB) during adult cardiac surgeries.
- Maintain optimal perfusion parameters: flow rates, arterial pressure, oxygenation, temperature, and anticoagulation.
- Collaborate with surgeons, anesthesiologists, and OT teams for intraoperative coordination.
- Troubleshoot perfusion-related technical and physiological challenges in real time.
- Ensure compliance with infection control, OT safety, and equipment standards.

TENDER PALM SUPER SPECIALITY HOSPITAL, LUCKNOW - INDIA

MAY 2024 - NOVEMBER 2024

PERFUSIONIST

- Managed extracorporeal circulation for adult and pediatric cardiac surgeries, including congenital cases.
- Assisted in CPB for adult and pediatric procedures.
- Supported ECMO (VA & VV) and IABP initiation, monitoring, and weaning.
- Maintained blood flow, gas exchange, anticoagulation, and temperature control during surgery.
- Performed equipment maintenance, calibration, and safety checks as per OT protocols.

POST GRADUATE CHILDREN'S HOSPITAL, NOIDA - INDIA

SEPTEMBER 2023 - APRIL 2024

PERFUSIONIST

- Delivered perfusion services for pediatric and neonatal cardiac surgeries, including complex CHD cases.
- Participated in ECMO initiation, bedside monitoring, and postoperative perfusion management.
- Managed hemodynamics, gas exchange, anticoagulation, and hypothermia protocols.
- Contributed to teaching sessions and clinical skill development programs.

PERFUSIONIST

- Conducted CPB for adult cardiac surgeries including CABG and valve procedures.
- Operated and managed ECMO and IABP systems for critically ill patients.
- Adjusted perfusion parameters based on real-time physiological monitoring.
- Assisted in emergency and high-risk cardiac surgeries ensuring optimal safety.

ADULT, PEDIATRIC & CONGENITAL PERFUSION EXPERTISE

CARDIOPULMONARY BYPASS (CPB) – ADULT & PEDIATRIC**INDEPENDENT CPB INITIATION FOR:**

- Cardiopulmonary Bypass (CPB) – Adult & Pediatric
- Independent CPB initiation for:
 - ASD, VSD, TOF, AV Canal
 - DORV, TAPVC, Arterial Switch Operation
 - CABG & Redo-CABG
 - Valve Repair & Valve Replacement
 - Bentall Procedure, LA Myxoma, VSR
 - ECMO (VA & VV) – Adult & Pediatric
 - Intra-Aortic Balloon Pump (IABP)
 - Ventricular Assist Devices (VAD)
 - Deep Hypothermic Circulatory Arrest (DHCA)
 - Selective Antegrade & Retrograde Cerebral Perfusion

MYOCARDIAL PROTECTION:

- Hypothermic blood cardioplegia
- Crystalloid cardioplegia
- Fibrillatory arrest

HEMOFILTRATION TECHNIQUES:

- MUF, CUF

ASSISTED VENOUS DRAINAGE (VAVD)

- Blood conservation strategies ACT, ABG & VBG interpretation
- Infection control and OT safety protocols

EQUIPMENT HANDLED

HEART-LUNG MACHINES:-

- Maquet HL20
- Sarns 8000
- Stockert S5
- ECMO / Centrifugal Pumps
- Rotaflow Centrifugal Pump

OXYGENATORS:-

- Terumo FX 05 / FX 15
- Kids D100 / D10
- Affinity NT
- Maquet Quadrox
- Quadrox PLS
- Nipro Brizio
- Sorin Inspire

- Lilliput 901 & 902
- Trilly Pediatric AF
- Eurosets Oxygenators

INTRA-AORTIC BALLOON PUMP (IABP)

- Maquet / Datascope CS100

ARTERIAL FILTERS & BUBBLE TRAPS

- Spictra Bubble Trap
- Sorin D734

HEMOCONCENTRATORS:-

- Hemocor
- Hemoflow F60S

CARDIOPLEGIA DELIVERY SYSTEMS:-

- Spictra CPDS 4:1
- Koleys Chamber
- Spictra Chamber
- Sorin BCD 1:4

EDUCATION

- **Bachelor of Science (B.Sc.) – Perfusion Technology** 2020
Vinayaka Mission University
School of Allied Health Sciences, Vinayaka Mission Research Foundation, Tamil Nadu | CGPA: 8.31
- **Higher Secondary (Science)** 2016
Govt. Model Higher Secondary School
- **SSLC** 2014
Govt. Model Higher Secondary School

ADDITIONAL INFORMATION

- Nationality : Indian
- Date of Birth : 25 July 1998
- Passport No : W0265846 - (Date of Expiry : 06/06/2032)
- Languages : English, Malayalam, Tamil, Arabic, Hindi
