SUMMARY

Results-driven Healthcare Management Professional with an MBA in Healthcare Management and practical experience in hospital operations, patient services, quality management, NABH compliance, and healthcare administration. Demonstrated ability to improve patient experience, streamline operational processes, support accreditation standards, and coordinate multidisciplinary teams. Skilled in quality assurance, patient relations, healthcare operations, and administrative management. Seeking leadership opportunities in Hospital Operations, Quality Management, Center Administration, and Healthcare Services.

EXPERIENCE

Healthcare Operations Executive *Apr 2026 — Current*

Gujarat Kidney Hospital - Gujarat

Oversee daily operational activities to ensure smooth patient care delivery. Coordinate with clinical and non-clinical departments for efficient workflow management. Monitor service quality and patient satisfaction initiatives. Support NABH compliance and quality improvement programs. Prepare operational reports and performance metrics. Facilitate interdepartmental communication and problem resolution. Ensure adherence to hospital policies and regulatory requirements.

Associate Patient Service Representative *Oct 2025 — Apr 2026*

Zydus Hospital - Vadodara

Managed patient registration, appointments, admissions, and discharge processes. Coordinated with doctors, nursing teams, and support services to optimize patient flow. Assisted patients regarding billing, insurance, and service-related inquiries. Maintained accurate patient records and documentation. Addressed patient concerns and enhanced overall patient satisfaction. Prepared operational reports and monitored service quality indicators. Ensured compliance with hospital service standards and operational protocols.

Operations & Quality Coordinator *Jun 2025 — Oct 2025*

Parul Sevashram Hospital - Vadodara

Coordinated NABH quality initiatives and accreditation-related activities. Conducted internal audits and compliance assessments. Monitored quality indicators and prepared performance reports. Assisted in developing quality improvement projects and corrective action plans. Organized staff training programs on quality standards and patient safety. Collaborated with department heads to ensure regulatory compliance. Supported risk management and patient safety initiatives.

Hospital Administration Assistant *Jan 2025 — Jun 2025*

Dynamic and results-driven Healthcare Operations Executive with extensive experience in patient service representation, operations coordination, and hospital administration. Eager to leverage my skills in enhancing patient care and operational efficiency within a dedicated team. Committed to fostering a collaborative environment that prioritizes quality and excellence in healthcare delivery. Excited to contribute to innovative solutions that improve patient experiences and streamline processes.
