

DR. Vandana Dadhich

Cardiopulmonary Physiotherapist | MPT (Cardiopulmonary)
Udaipur, Rajasthan • +919521150675 • vandana.dadhe123@gmail.com

PROFESSIONAL SUMMARY

Cardiopulmonary Physiotherapist with a strong clinical foundation in managing respiratory and cardiac conditions, with special interest in Chronic Obstructive Pulmonary Disease (COPD) and pulmonary rehabilitation. Skilled in airway clearance techniques, breathing retraining, and ICU-based physiotherapy with a focus on improving functional outcomes and patient quality of life. Experienced in patient rehabilitation and mobility enhancement, designing customised treatment plans using therapeutic exercises and manual therapy to maximise recovery.

WORK EXPERIENCE

Physiotherapist & Yoga Trainer

Jun 2022 – Jul 2023

Vibrant Physiotherapy and Diet Clinic | Udaipur, India

- Applied anatomy & physiology knowledge to guide safe patient movement and prevent injury.
- Delivered integrated yoga therapy alongside conventional physiotherapy for holistic outcomes.
- Designed and administered individualised treatment plans combining manual therapy and exercise.

Physiotherapist

Feb 2020 – Jul 2022

Deep Physiotherapy and Rehabilitation Center | Udaipur, India

- Managed acute and chronic conditions with full understanding of complex therapy needs.
- Educated patients, families, and caregivers on home exercise programmes to complement therapy.
- Planned and administered active/passive range-of-motion and muscle re-education programmes.
- Provided techniques and support to enhance development of motor skills and functional independence.
- Promoted long-term health by educating patients on injury prevention strategies.

Physiotherapy Intern

6 Months

Saifee Hospital | Mumbai, India

- Completed a comprehensive rotatory internship with clinical exposure across multiple specialties.
- Gained hands-on ICU, cardiopulmonary, orthopaedic, and neurological physiotherapy experience.

EDUCATION

Master of Physiotherapy (Cardiopulmonary)

2024-2026

National Institute of Medical Science (NIMS University) | Jaipur, India

Specialised in COPD, pulmonary rehabilitation, ventilator weaning, ICU physiotherapy, and evidence-based respiratory management.

Honours & Achievements

- ★ Delegate – World Physiotherapy Day Celebration 2025, organised by All Rajasthan Physiotherapy Professionals, Constitution Club, Vidhan Sabha, Jaipur.
- ★ Anchor & Volunteer – International Conference of Allied and Healthcare Professionals 2026, NIMS University, Jaipur.

Strong academic foundation in musculoskeletal, neurological, and cardiopulmonary physiotherapy with emphasis on clinical reasoning and outcome-based management.

Honours & Achievements

- ★ Secured 2nd Position in a Scientific Presentation at the 4th International Physiotherapy Conference 2022, Udaipur.
- ★ Presented research: "Effectiveness of Different Therapeutic Techniques in Acute Stage of Bell's Palsy – An Evidence-Based Approach."

CLINICAL CASE EXPOSURE

- ★ Total cardiopulmonary patients managed: 250+
 - ★ COPD (including acute exacerbations & Type II respiratory failure): 90+ cases
 - ★ Post-operative cardiothoracic (CABG, valve replacement, thoracic surgeries): 45+ cases
 - ★ Pneumonia & ARDS (predominantly ICU-managed): 40+ cases
 - ★ Bronchial asthma: 30+ cases
 - ★ Other respiratory conditions (ILD, bronchiectasis, pleural disorders, etc.): 25+ cases
- Note - During my masters I was seeing all the ICU's patients and management of team as well.**

CLINICAL SKILLS

▶ Outcome-Based Rehabilitation (mMRC, CAT, 6MWT)	▶ Ventilator Weaning & Respiratory Support	▶ Dyspnea Management & Functional Breathing
▶ Secretion Clearance Optimization	▶ Early Mobilization in Critically Ill Patients	▶ Prevention of ICU-Acquired Weakness (ICU-AW)
▶ Hemodynamic Monitoring (HR, BP, RR, SpO ₂)	▶ Bedside Functional Rehabilitation	▶ Infection Control & ICU Protocol Adherence
▶ Manual Therapy & Therapeutic Exercise	▶ Patient & Caregiver Education	▶ Teamwork & Interdisciplinary Collaboration
