Work History

2023-06 - 2024-06

Medical Intern

GMERS Medical College, Porbandar

- Educated patients on preventative measures and lifestyle modifications to promote long-term health and wellbeing.
- Collaborated efficiently with multidisciplinary teams to deliver comprehensive patient care and improve overall hospital processes.
- Assisted physicians in conducting diagnostic tests, resulting in accurate diagnoses and targeted treatment plans.
- Demonstrated adaptability by swiftly rotating through multiple departments, broadening clinical skills and expertise across various specialties.
- Performed minor surgical procedures under direct supervision of attending physicians, honing technical skills necessary for future practice success.

- Managed time effectively, prioritizing patient care while balancing administrative tasks and educational requirements.
- Contributed meaningfully to department meetings by sharing insights from personal experiences with specific cases or clinical rotations.
- Wrote detailed and professional progress notes for each patient, outlining notable events and examinations findings.
- Completed daily rounds to check on patients and identify any reasons for concern.
- Reviewed clinical cases to gain additional understanding of disease etiology and progression.
- Responded to medical emergencies to help stabilize and treat patients.
- Collected and transported laboratory specimens used in diagnostics and ongoing patient monitoring.
- Monitored and recorded patient progress, prompting timely and appropriate interventions.
- Educated patients and families on health conditions to raise awareness.
- Implemented individualized care plans to improve patient outcomes.
- Collaborated efficiently with multidisciplinary teams to deliver comprehensive patient care and improve overall hospital processes
