## Education

---

Doctor of Pharmacy (Pharm D) | *First class*  
*Kadi Sarva Vishwavidyalaya*

Jul 2018 – May 2024  
*Gujarat, India*

## Experience

---

Clinical Pharmacist Intern  
*GMERS Civil Hospital*

May 2023 - Apr 2024  
*Gandhinagar, Gujarat*

- Administered medication therapy to patients and reviewed medication histories and lab results for over 300 patients, identifying and resolving potential drug interactions and adverse effects.
- Collaborated with a multidisciplinary team to develop and implement individualized care plans, improving patient adherence.
- Collected and analyzed patient health data to support evidence-based clinical decisions and presented findings, contributing to enhanced treatment strategies.
- Organized and maintained a patient database, tracking medication therapy management outcomes for over 500 patients and conducted statistical analyses to identify trends and improve treatment protocols.
- Spearheaded a quality improvement initiative that reduced medication errors through enhanced data documentation and verification processes.

Clinical Pharmacologist Intern  
*KD Hospital*

Oct 2023 – Jan 2024  
*Ahmedabad, Gujarat*

- Led a hospital-wide antimicrobial stewardship program, optimizing antibiotic use and reducing resistance rates.
- Audited 1,000+ prescriptions to ensure adherence to antimicrobial stewardship guidelines and infection prevention policies.

Community Pharmacist Intern  
*I.C. Medical*

Dec 2019 – Feb 2020  
*Gandhinagar, Gujarat*

- Counselled patients on medication use, dosage, and potential side effects, and educated them on lifestyle modifications and over-the-counter products, improving patient understanding and health management.
- Managed inventory of medications and supplies, reducing stock discrepancies by 15% through regular audits and meticulous tracking.
- Conducted medication therapy reviews for patients with chronic conditions, identifying and resolving potential medication-related problems, leading to a 5% improvement in patient outcomes.
- Assisted in implementing patient medication management programs, enhancing medication adherence by 15% through personalized follow-ups.

Drug Information Pharmacist  
*KBIPER, Kadi Sarva Vishwavidyalaya*

May 2023 - Apr 2024

- Created and curated drug information materials for healthcare professionals and patients, improving knowledge retention by 20%.
- Managed over 250 inquiries monthly, providing timely and accurate responses that enhanced medication management and reduced resolution time by 15%.

- Collaborated with interdisciplinary teams to integrate drug information into broader health communication strategies, supporting national and state health initiatives.
- Organized and managed drug information seminars and workshops, boosting attendee satisfaction and engagement by 25%.

## Adverse Drug Reaction Monitoring Center Intern

Aug 2023

### KBIPER ADR *Monitoring Center*

- Promoted awareness of Adverse Drug Reaction (ADR) reporting through the creation and dissemination of promotional materials, reaching over 450+ patients and healthcare professionals.
- Organized and conducted sensitization programs, successfully increasing awareness and reporting of ADRs among participants.
- Produced and launched promotional animation videos in both English and vernacular languages, expanding outreach and engagement to a diverse audience.

## Research Experience

---

### Research Project

Oct 2022 – Mar 2023

#### *Kadi Sarva Vishwavidyalaya*

- Led a study titled “Drug prescribing pattern, Quality of Life and Per-Prescription cost analysis in osteoarthritic patient: A prospective observational study,” coordinating data collection and securing informed consent from all participants.
- Designed the study methodology, including developing the study protocol and creating a comprehensive case report form (CRF) for systematic data collection, ensuring uniformity and precision.
- Conducted a thorough literature review, analyzing over 100 scholarly articles to establish a theoretical framework and identify existing research gaps.
- Applied advanced statistical methods including data transcription, validation, and encoding. Performed descriptive statistics and utilized inferential statistics for hypothesis testing.
- Authored a detailed thesis, synthesizing complex data into clear, actionable insights, contributing to the academic understanding of osteoarthritis management with economics benefits and cited by peers in subsequent studies.
- Managed a dataset encompassing patient demographics, treatment regimens, and follow-up information, using WOMAC scale for quality of life of OA patients demonstrating strong organizational and data management skills, maintaining data integrity throughout the study.

### Research Assistantship

Oct 2022 – Jan 2023

#### *Kadi Sarva Vishwavidyalaya*

- Conducted patient history interviews, measured blood pressure for over 400 participants, and provided counselling on medication and lifestyle modifications to control and prevent high blood pressure.
- Supported the study by securing informed consent and transcribing data into collection forms for a rural population of 2,000 individuals.
- Digitized and organized the collected data, performing preliminary analysis to derive actionable conclusions and contribute to the study’s overall findings.

## Leadership and Involvement

---

### Member Secretary | ISPOR Student Chapter

Jul 2022 – Jun 2023

- Led the ISPOR Student Chapter, coordinating events and activities, enhancing engagement through strategic planning and execution.
- Organized the Pharmacist Day celebration, managing data collection and registration for 300 student participants, and single-handedly streamed the live event on YouTube, increasing accessibility and engagement.
- Coordinated and facilitated community health check-up camps, measuring BMI, blood pressure, and blood glucose levels for over 200 community members, maintaining comprehensive data records to support health initiatives.
- Organized and facilitated numerous workshops and guest lectures, increasing member participation by 30%.

### Newsletter Student Editor | *PharmEmerge*

May 2023 – Dec 2023

*Kadi Sarva Vishwavidyalaya*

- Edited and contributed to two issues of PharmEmerge, the college newsletter, collaborating with a team to ensure high-quality content and layout.
- Edited article on the topic “Role of Pharmacist in ART Center” which was published in the PharmaEmerge (Theme: HIV/AIDS & Sexual Awareness)|Volume 2|Issue 4 and designed newsletter layouts and coordinated content contributions.

## Volunteering and Community Services Experience

---

### Blood Donation and Haemoglobin Screening Volunteer

Feb 2024

*Indian Red Cross Society*

- Assisted in organizing and managing blood donation camps, contributing to a successful collection of over 200 units of blood.
- Participated in haemoglobin screening camps, performing preliminary tests and ensuring accurate data collection for over 300 participants.
- Educated donors and participants about the importance of blood donation and haemoglobin levels, enhancing community engagement and health awareness.

### Health Checkup Camps Volunteer | ISPOR Student Chapter | Jul 2022 - Jun 2023

*Kadi Sarva Vishwavidyalaya*

- Supported the organization of health checkup camps, including screening for blood pressure, BMI, and glucose levels for over 200 community members.
- Assisted in patient education on health management and preventive care, contributing to increased awareness and better health practices.
- Managed data collection and analysis, ensuring accurate record-keeping and follow-up for participants.

## Skills

---

- Medical and Healthcare: Patient Care, Medication Therapy Management, Patient Counselling.
- Leadership and Organizational: Event Coordination, Team Management, Workshop and Lecture Facilitation, Content
- Research and Analytical: Literature Review, Data Collection and Analysis, Critical Thinking, Problem-Solving.
