PROFESSIONAL SUMMARY

Strategic and impact-driven BBA graduate with 4+ years of cross-functional experience in textile manufacturing, operational strategy, and digital transformation. Demonstrated ability to lead multi-departmental operations, implement large-scale ERP systems, and improve supply chain agility. Proven success in cost reduction, workforce optimization, and process automation. Recognized by IIT Dhanbad for business leadership potential (MBA 2025 interview shortlist). Adept in data-backed decision-making, cross-functional governance, and aligning operations with strategic business goals.

KEY ACHIEVEMENTS

- Shortlisted for MBA Interview at IIT Dhanbad (2025 intake) – recognized for leadership potential and professional impact.
- Raised ₹2,00,000 in seed funding under the Student Startup & Innovation Policy (SSIP) for a proposed startup titled “Digitization of Textile Industry.” Successfully pitched, validated, and secured funding before strategically discontinuing the project.
- Successfully led company-wide ERP rollout across 8 departments with zero downtime and full stakeholder adoption.

CORE COMPETENCIES

- | | |
|---|--|
| • Strategic Operations Management | • Cross-Functional Leadership |
| • Supply Chain Optimization | • Team Building & Workforce Engagement |
| • ERP Implementation & Process Digitization | • Dispatch & Last-Mile Execution |
| • Analytical Problem Solving | • Communication & Decision-Making |

PROFESSIONAL EXPERIENCE

Manager – Operations & Strategy
Right Angle Fashions, Surat

Jan 2025 – Present

Appointed to drive operational excellence and lead transformation across the textile manufacturing value chain.

- **Departmental Leadership & Strategic Oversight:** Oversaw eight mission-critical departments—Yarn, Sales, Sampling, Design, Grey Fabric, Mill, Dispatch, and IT—streamlining collaboration, SOPs, and daily operations. Developed centralized control systems to reduce inter-departmental bottlenecks and misalignments.
- **Demand Forecasting & Procurement Planning:** Designed and implemented forecasting models to predict seasonal yarn demand and price volatility. Created a procurement strategy that reduced emergency purchases by 35% and improved raw material margin alignment.
- **Inventory Optimization:** Introduced a dead stock repurposing initiative by mapping historical design data and aligning with current market trends. This reduced raw material wastage by 18% and provided an agile channel for rapid sampling.
- **Machinery Standardization & Quality Control:** Spearheaded machine configuration standardization across mills. Established real-time predictive quality checks using optical sensors and in-line QC protocols, resulting in a 22% decrease in fabric rejections.
- **Revenue Diversification through Product Innovation:** Launched a product transformation program that turned underperforming inventory into high-demand, trend-aligned fabrics. Collaborated with design and sales teams to test-market SKUs, resulting in a 15% increase in order value from existing clients.
- **ERP Digitization & System Integration:** Led the full-cycle deployment of a web-based ERP solution across 8 departments. Mapped workflows, conducted UAT (User Acceptance Testing), developed training materials, and executed a zero-downtime go-live. Achieved 100% system adoption within 3 weeks.
- **Workforce Welfare & Operational Productivity:** Overhauled floor-level operations involving embellishment and border-cutting machinery. Introduced staggered shifts, hydration schedules, and improved airflow designs, lowering worker attrition by 30% and boosting productivity.
- **Governance & Cross-Functional KPI Alignment:** Conducted weekly performance syncs across departments, designed real-time KPIs using dashboards, and implemented a culture of continuous feedback and SOP-based governance.
- **Last-Mile Execution & Dispatch Efficiency:** Digitized dispatch processes through barcode-based parcel tracking and automated dispatch sheet generation, increasing on-time delivery rates by 25% and improving client SLAs.

MIS Executive
SKS Pvt. Ltd, Surat

Jan 2024 – Jul 2024

- Designed automated dashboards for real-time KPI tracking, enabling senior management to assess operations at a glance.
- Transitioned reporting workflows from manual Excel sheets to dynamic tools, reducing preparation time by 40%.
- Implemented asset tracking systems, significantly improving accuracy in inventory logs and reducing equipment misplacement.

Accountant / Sales Coordinator / Dropshipping Specialist
Tanvi Fashion, Surat

Jul 2020 – Jan 2023

Held a hybrid role managing both backend accounting and customer-facing e-commerce operations.

- Maintained accurate financial records, reconciled vendor payments, and audited expense logs using Tally ERP. Ensured monthly closing accuracy within 2-day cycles.
- Worked directly with sales heads to generate demand reports and align stock levels with customer trends, reducing stock-outs during festive cycles.
- Managed online product listings, implemented A/B testing for product descriptions, and handled vendor-side logistics—reduced return rate by 12% through accurate listing optimization.
- Bridged coordination between finance and sales for better margin planning and ensured synchronization between physical stock and digital listings.

INTERNSHIPS

Intern
Adani Cement, Surat

Apr 2023 – May 2023

Business Development Intern
Career Launcher, Surat

Mar 2023 – Apr 2023
