EDUCATION

- **Diploma in biomedical engineering**
Government Polytechnic for girls, Ahemdabad
2019 - 2022
Percentage: 74.70
- **Bachelor's in Biomedical Engineering**
L.D.College of Engineering
2022 - 2025
Percentage: 68.60

EXPERIENCE

- **Civil Hospital , Ahemdabad**
Intern -Biomedical Engineer
JUN ,2024 - JUL, 2024
During my 15-day internship at Civil Hospital, I gained hands-on experience with the operation and maintenance of biomedical equipment across departments like ICU, NICU, OT, Radiology, and Hemodialysis. I observed and learned about key medical devices such as ventilators, patient monitors, dialysis machines, and imaging systems, focusing on their functioning, calibration, and maintenance. I also familiarized myself with hospital safety protocols and the sterilization processes critical to patient care.
- **Max Ventilator(A.B.Industries) , Vadodara**
Intern – Biomedical Engineering
JAN,2025 - APR, 2025
During my 3-month internship in the Testing Department at Max Ventilator, I had the opportunity to work closely with ICU ventilators, learning how to test, calibrate, and ensure they met quality standards. I was involved in checking the ventilation modes, alarm systems, sensor accuracy, and battery backup, making sure everything was safe and functional. I also helped document test results and worked with the engineering team to troubleshoot any issues, ensuring the ventilators performed reliably for patient care.

AREA OF INTEREST

- Hospital Equipment Management
- Clinical Engineering

ABOUT

Final-year Biomedical Engineering student with hands-on experience in ventilator systems through an internship at Max Ventilator. Passionate about biomedical equipment maintenance and clinical support. Seeking an entry-level biomedical role in a hospital to contribute to patient care through technical expertise.

SKILLS

- Human Anatomy & Physiology: Strong foundation for understanding clinical applications.
- Clinical Instrumentation: Familiarity with diagnostic and therapeutic equipment used in hospitals.
- Documentation & Reporting: Capable of preparing maintenance records and technical documentation.
