

CURRICULUM VITAE

Dr. Rajeev Singhai; (Hospital Group CEO, Medical Superintendent, Molecular Oncologist & Clinical Cancer Geneticist, Certified Genetics Counsellor)

MHA, Advanced Postgraduate Diploma in Healthcare & Hospital Management [APGDHMH], James Lind Institute Bengaluru, INDIA.

Clinical International Fellowship Program of Cancer Genetic Testing and Genetic Counselling from The Gene Council, North Perth WA 6906; Australia, Through Trialect Incorporation, Thousand Oaks, CA, USA – 91320.

M.S. [Cell & Molecular Biology], PGDML [Pathology], Doctorate (Ph.D.) in Biochemistry Specialization in Molecular Oncology & Cytogenetic, from Grant Govt. Medical College & Sir J. J. Group Hospitals, Mumbai, INDIA

Present Working with;

- **GM / COO**, RST Cancer Hospital, (A Tertiary Cancer Care Hospital, 100 Beds), Nagpur, Maharashtra, INDIA,

Previous Worked with;

- **Hospital Group CEO**, Vitals Multi-Speciality (100 Beds), Akota, Vadodara, Gujarat, INDIA,
- **Hospital CEO**, Spinetics Hospitals and Research Centre (75 Beds), (A Multi-Speciality Hospital) Akota, Vadodara, Gujarat, INDIA,
- **Director and Administration**, In International Hospitals, H. J. HOSPITALS (150 Beds), SARL (Multi - Speciality Hospitals), Kinshasa, DRC, Congo, Africa
- **Unit Head (CEO) and Medical Superintendent (MS)**, METRO GROUP OF HOSPITALS AND RESEARCH INSTITUTE (300 Beds), (Multi – Speciality Group Hospitals), Vadodara, Gujarat, INDIA
- **Director and Administrator**, UMBI CELL PVT LTD, STEM CELL LABORATORY, Mumbai, INDIA
- **Director and Administrator**, ASIAN CANCER RESEARCH INSTITUTE AND APEX HOSPITALS (300 Beds), A Multi-Speciality Group Hospitals, Jaipur, Rajasthan, INDIA

Present I am in RST Cancer hospital Nagpur, India..... In My present hospital I am managing all hospital activities per day.. around 300 Patients OPD, 150 patients Radiation Therapy, 75 patients Chemotherapy, 15 patients PET Scan, around 10 OT per day.. I manage Multi-Speciality hospitals, Super Speciality hospitals.. in all aspects like All medical and non-medical activity....

I am also attaching one International Medical Tourism Company as a Member of Medical Advisory Board for International Patient's Treatment in India...

7 Years' Experience in Multi Super Speciality Hospital Management, Total 22 Years' Work Experience International and National in Hospital & Healthcare Management and Molecular Pathology & Genetics Pathology

Laboratory, Expertise in Healthcare and Hospital Management According to Guideline of NABH, NABL, CAP and JCI Accreditation. Manage hospitals in all aspects like Medical & Non - Medical Administration and Management Services, like Leadership, Medical Staff Relations, Operational Management, Quality Care of Medical Services, Strategic Planning, Partnerships and Negotiations Financial Performance Including P & L Management, Community Relationship, Human Resources, Regulatory Compliance etc. NABH & NABL Assessor Training, Member of Quality Council of India (QCI). Also Expertise in Pathology Laboratory, Molecular Pathology and Molecular Genetics Laboratory.

Doctorate (Ph.D.) Thesis Title: "Immunohistochemical (IHC) Evaluation of Predictive Hormonal Receptors of Breast Cancer in Indian Women".

Contact Information

Present and Past Job Responsibilities in All Multi-Speciality Hospitals and Super Speciality Hospitals:

Worked with **Metro Group Hospitals and Research Institute, A Multispecialty Hospitals (ABOUT 300 Beds), Vadodara, Gujarat, India, as a Unit Head (CEO) and Medical Superintendent (MS).** Conduct All Hospital Activity like Medical Services and Administrative Services Run under My Guidance.

In Metro Group of Hospitals and Research Institute, Vadodara, Conduct and Manage of all Medical, Non-Medical Activity, Following Facilities and Services Including P & L Management;

Manage Multi Super Speciality Hospital;

Manage all Medical and Non-Medical activities; General Medicine, General Surgery, Laparoscopic and Endoscopic Surgery, Vascular Surgery, Trauma and Critical Care, Advanced all type of ICU, Gynecology, Pediatric, Plastic and Cosmetic Surgery, Onco - Surgery, Chemotherapy, Nephrology, Uro - Surgery, Advanced Dialysis Unit, Cardiology (Cath Lab.), Orthopedic, Advance Orthopedic (Joint and Hip Replacement Surgery), Pain Management, Chest and Respiratory Medicine, Infectious Diseases, Gastroenterology, Neurology and Neuro Surgery, Ophthalmology, Dental and Cosmetic Surgery, ENT, Audiometric Test, Advanced Pathology Laboratory, Ultra Sonography (USG), Color Doppler, MRI, CT Scan, Digital X - Ray, ECHO, ECG, EEG, TMT, Audiometry Test, Mammography, Cancer Chemotherapy, Radiation Therapy, PET Scan, ICU, MICU, PICU (All type of ICUs), Modular Operation Theaters etc.

My Job Responsibility as a Hospital Unit Head (Group CEO) and Medical Superintendent (MS) In All above Multi Speciality and Super Speciality Hospitals:

- Responsible for delivering the best quality of patient care.
- Leadership while creating a positive and productive culture.
- Setting and following standards for operational excellence.
- Hire and retain qualified staff.
- Implement clinical procedure and policy.
- Develop a relationship with outside organizations, including the medical community, referring physicians, and the media.
- Deliver strong financial performance Control P & L Management.

Primary Responsibilities:

- Managing the strategic and the day – to – day operations of the entire hospital – clinical and managerial – ensuring that all departments are fully and comprehensive staffed to the extent possible and liaising with and supervising all clinical departments and medical and nonmedical staff to ensure delivery of medical services of high quality within the faith-based environment.
- Ensuring that the facility supports the hospital clinical work with sound financial investments, adequate staffing patterns, and strict adherence to hospital policies and procedures.
- Implementing and facilitating channels of communication within medical and nonmedical staff to ensure that the hospital delivers high-quality medical services in a harmonious manner.

Main Clinical Duties and Responsibilities:

- Overall responsibility for delivery of quality primary and secondary health care. This includes ensuring clinical practices that guarantee high-quality clinical outcomes; providing supervision and advice on clinical activities, including both outpatient and inpatient services, ward rounds, and surgical interventions; promoting a culture of learning and keeping up up-to-date on diagnostic and treatment practices.
- Ensures and / or leads teams to conduct needs assessments and clinical studies and surveys as appropriate and with adherence to national and international clinical ethics.

- Ensures that clinical cases that require treatment beyond the hospital's capacity are referred to a higher service in a timely and professional fashion. Develops and implements strategies to ensure that staffs comply with quality assurance guidelines; monitors service quality and for investigating incidents and complaints in the hospital.
- Chairs bimonthly meetings of the hospital management team (HMT). Together with clinical heads of department, provides leadership in the formulation, implementation, and review of and compliance with all internal standard operating procedures (SOPs) and treatment protocols; ensures adherence at all levels in the facility and international standards; oversees adherence to appropriate medical waste management and infection control practices and protocols.
- Together with the pharmacy head of department, holds the final authority for quantifying pharmaceutical needs and ordering all medical drugs and consumables within the approved budget and procedures.
- Represents and manages the relationship and communication between the hospital and district, department, and national health authorities and with local and international donors. Ensures that reports tied to donor contracts and / or MOU are completed timely and with a high level of detail and quality to ensure clarity, compliance, and transparency, and professionally presented.
- Promotes the use and internal consumption of collected data within the facility to inform decisions impacting patient care, financial management, and clinical outcomes. Participates with the IT (data) head and other heads of departments in data analysis and interpretation.
- Serves as the prime cosignatory for all hospital bank accounts; may designate a prime signatory when required.

Main Managerial Responsibilities:

- **P & L Management and Provides Strategic Leadership to the Hospital:** Ensures a current and living strategic plan and budget for the financial year and ensures that operational plans align to these documents. Manages resource requirements (e.g., expenditure, human resource planning) necessary to deliver against the objectives.
- Ensures favorable staff working environment within approved budget and needs.

- Supervises senior hospital management team activities, ensuring that patients and staff concerns and needs are attended to and that departments are managed proactively with a view to improving efficiency and maintaining professional etiquette.
- Together with the senior resident medical officers, organizes and facilitates capacity - building sessions through mentoring, coaching, in - service trainings, and continuing medical education (CME).
- Leads and manages employees, ensuring that clear goals and accountabilities are established and achieved. Ensures that individual performance and development needs are met and that employees are high performing and engaged. Produces systematic performance indicator reporting to inform management as to progress, roadblocks, and relevant performance details.
- Chairs meetings with hospital staff and ensures appropriate and periodic CME for staff.
- Promotes and nurtures a culture of good stewardship, accountability, and transparency at all levels of hospital operations.
 - **NABL Assessor Training For Medical Pathology Laboratories Accreditation;**
 - **(National Accreditation Board for Testing and Calibration Laboratories), India**
 - **NABH Internal Assessor & NABH Internal Counsellors for Hospitals Accreditation; (National Accreditation Board for Hospitals and HealthCare Providers), India,**
 - **Registration under Quality Council of India (QCI), Government of India, Certificate Number: H-3D-2016-43-7131**
 - **NABL Internal Auditor For Clinical Laboratory Accreditation**
 - **Editor – In – Chief, International Journal of Current Biochemistry Research**
 - ❖ **According to NABL112 Guideline I am Eligible for Authorized Signatories for Following Reports;**

Doctorate (Ph.D.) (Biochemistry); Clinical Biochemistry, Clinical Pathology, Nuclear Medicine (*In-Vitro* Tests), Flow Cytometry, Molecular Biology (Genetics)

Qualification Norms for Authorized Signatories (Refer Annexure – II (a) for Routine and Special Tests) are given in Table 2 (NABL 112).

❖ **NABH Internal Assessor & NABH Internal Counsellors for Hospitals Accreditation**

Registration under Quality Council of India (QCI), Government of India,

Certificate Number: H-3D-2016-43-7131

NABH (National Accreditation Board for Hospitals and HealthCare Providers), India,

Training Programme on Implementation of NABH Standards for Hospitals, **Programme on Implementation of NABH Hospital Standards / SHCO Standards. From Bhopal, M.P. India**

❖ **NABL Assessor Training For Medical Pathology Laboratories Accreditation;**

Training Programme on Laboratory Assessor Training Course Based on ISO/IEC 15189:2012 and NABL Requirements;

(National Accreditation Board for Testing and Calibration Laboratories), India, From; NABL House, Plot No. 45, Sector 44, Gurgaon- 122002, HARYANA, INDIA

❖ **NABL Internal Auditor for Clinical Laboratory Accreditation;**

Training Programme on Laboratory Quality Management System (QMS) & Internal Audit for Clinical Laboratory as Per ISO – 15189:2012 and NABL (National Accreditation Board for Testing and Calibration Laboratories, India) From;

Indian Institute of Quality Management, IIQM, (ETDC Campus), (Near Apex Hospital, 3rd Building after Apex Hospital Malviya Industrial Area, Malviya Nagar), Standardization Testing and Quality Certification (STQC), Dte, Government of India, Ministry of Communication and Information Technology, Department of Electronics & Information Technology, (DeitY), Malviya Industrial Area Malviya Nagar, Jaipur – 302017, INDIA.

Positions in Previous and Present Employments:

- ▣ June 1997 to March 1999 Worked in **CENTRE FOR ADVANCED TECHNOLOGY (CAT) Indore M.P. India**, Branch of BHABHA ATOMIC RESEARCH CENTRE (BARC) Mumbai, India, as a Research Fellow in Department of Atomic Energy (DAE), Laser Biomedical Laboratory.
- ▣ August 1999 to September 2006 Worked in **JASLOK HOSPITAL AND RESEARCH CENTRE, Mumbai, India**, (Starting From 1999 and Confirmation on 6 December 2000 to 30 September 2006, about 6 Years + 1 Year Probation and Training Period, Total Time: About 7 Years) as a Sr. Technologist in Department of Histopathology, Cytopathology and Immunohistochemistry.
- ▣ October 2006 to February 2009 Worked in **RELIANCE LIFE SCIENCES CENTRE, New Mumbai, India**, as a Research Fellow in Molecular Diagnostics & Medicine, Genetics and Immunohistochemistry Laboratory. In Reliance Life Sciences Centre, Laboratory Setup was done with NABL, CAP Accreditation.
- ▣ January 2008 to November 2014 Worked in **GRANT GOVT. MEDICAL COLLEGE and Sir J.J. GROUP of HOSPITALS, Mumbai, India**, as a Consultant and Research Associate in Department of Biochemistry and Cell and Molecular Biology.
- ▣ December 2014 to December 2015 Worked in **ASIAN CANCER RESEARCH INSTITUTE AND APEX HOSPITALS, A Multispecialty Hospitals (ABOUT 150 Beds), Jaipur, Rajasthan, India, as a Director and Administrator.**
- ▣ January 2016 December 2017 Worked with **UMBI CELL PVT LTD, STEM CELL LABORATORY, Mumbai, India**, as a Director and Administrator, <http://www.rejuvaa.com/OurTeam/DrRajeev>
- ▣ January 2018 to March 2019 Worked in **METRO GROUP HOSPITAL AND RESEARCH INSTITUTE, A Multispecialty Hospitals (ABOUT 300 Beds), Vadodara, Gujarat, India**, as a **Unit Head (CEO) and Medical Superintendent (MS).**
- ▣ October 2013 to till Day Editor - In - Chief in International Journal of Current Biochemistry Research.
- ▣ April 2019 to July 2020 with **H J HOSPITALS, SARL (A Multi - Specialty Hospitals), Kinshasa, DRC, Congo, Africa** as a Director and Administrator.

- ☐ August 2020 to October 2022 with **Spinetics Hospitals and Research Centre, (A Multi-Speciality Hospital) Akota, Vadodara, Gujarat, India, as a Hospital CEO.**
- ☐ November 2022 to May 2023 with **Vitals Multi-Speciality, Akota, Vadodara, Gujarat, India, as a Hospital Group CEO.**
- ☐ June 2023 to January 2024 with **Spinetics Hospitals and Research Centre, (A Multi-Speciality Hospital) Akota, Vadodara, Gujarat, India, as a Hospital CEO.**
- ☐ January 2024 to till with **RST Cancer Hospital, (A Tertiary Cancer Care Hospital), Nagpur, Maharashtra, India, as a GM / COO.**

Following Medical Projects Were Done:

“Immunohistochemical (IHC) Evaluation of Predictive Hormonal Receptors of Breast Cancer in Indian Women” From Department of Biochemistry, Cell & Molecular Biology **GRANT GOVT. MEDICAL COLLEGE and Sir J.J. GROUP of HOSPITALS, Mumbai, India**

“Histopathological, Hematological and Biochemical Studies were on Indian Albino Mice Following Low Energy Laser Irradiation on Skin”, Under the National Laser Programme (NLP) Department of Atomic Energy (DAE), From Laser Biomedical Laboratory, **CENTRE FOR ADVANCED TECHNOLOGY (CAT), Indore M.P. India, Branch of BHABHA ATOMIC RESEARCH CENTRE (BARC), Mumbai, India.**

Participation in Workshop, International Medical Conferences & CME:

October 2002 Participated Workshop and Conference of **Cytopathology Techniques in Tata Memorial Cancer Hospital (TMH), Mumbai, India**

February 2014 3rd Annual Conference of **Molecular Pathology Association of India (MPAI)** Conference Theme “Emerging Role of Molecular Diagnostics in Cancer Genomics” (“International Symposium on Emerging Role of Molecular Diagnostics in Cancer Genomics”), Mumbai, India

18th. August 2018 **Indian Hospital Association (IHA), Vadodara** Seminar on should we go for NABH Accreditation? Dos and Don'ts.

Invitation as a Speaker in International World Medical Congress of Molecular Medicine- 2013:

2013; 3rd. International World Congress of Molecular Medicine- 2013, (MolMed) -2013

2013; 4th. Annual World Gene Convention-2013, (WGC-2013), “Transform the Top Science and Technology into Productivity”, November 13-16, 2013, at Hainan International Convention and Exhibition Center, Haikou, China, BIT’s International Congress of Molecular Medicine- 2013.

2013; Invitation as a Speaker at the International Conference on Epidemiology & Evolutionary Genetics, August 21-23, 2013 at Orlando, Florida, USA, Theme of Epidemiology-2013 is - Understanding the Strategies underlying the overall improvement of Public Health.

Professional International Membership:

International Society for Stem Cell Research (ISSCR), USA, Stem Cell Society Singapore (SCSS), International Brain Research Organization (IBRO), Paris, Franc, Myotonic Dystrophy Foundation (MDF), San Francisco, USA, The Australasian Immunohistochemistry Society (AIS)

Honors and Awards:

December 2012 My Doctorate Ph.D. (Biochemistry-Molecular Oncology & Cytogenetics), Doctorate Degree Awarded Through Pranab Mukherjee, Honorable President of India

Publication in International Journals; Peer-Reviewed Medical and Scientific Original Research Articles [PubMed Indexed]:
