

KRISHNA LOHANA

25/B, Natraj Society, Nizampura, Vadodara, 390002, Gujarat | +91- 7069955565 | krishnalohana16@gmail.com

SUMMARY

A BGCI Level 1 certified Genetic Counselor, combining a strong background in molecular genetics with clinical insight and a focus on compassionate communication. Experienced in patient interaction, variant interpretation, and committed to ethical practice and continuous learning.

EDUCATION

INSTITUTE	COURSE	UNI/BOARD	YEAR	CGPA
Medisysevarsity with MLCU Accreditation	PG Diploma in Genetic Counselling	Martin Luther Christian University Accredited	2024	Passed
Navrachana University, Vadodara, Gujarat, India	Integrated BSc - MSc Biomedical Sciences	Navrachana University	2023	8.53
LP Savani International School, Surat, Gujarat, India	HSC	CBSE, India	2018	8.84
LP Savani International School, Surat, Gujarat, India	SSC	CBSE, India	2016	9.5

EXPERIENCE

GENETIC COUNSELLING INTERN | MAPMYGENOME, HYDERABAD, INDIA January – July 2025

Gaining hands-on experience in real-life clinical cases, including case assessment, genetic testing interpretation, and patient counseling.

MOLECULAR GENOMIC TECHNICIAN | GENE CARE DIAGNOSTICS, SURAT, GUJARAT, INDIA June – December 2024

The current position involves handling biological samples and conducting molecular techniques including PCR, DNA Library preparation, and NGS with a focus on report generation and analysing data.

GENOMIC TECHNICIAN | STERLING ACCURIS DIAGNOSTICS, SURAT, GUJARAT, INDIA January- May 2024

The position involves clinical handling of samples and training for NGS sequencing, PGS/NIPGS testing and BRCA gene analysis.

INTERNSHIPS

PROJECT INTERN | UNIVERSITY POLYTECHNIC DELLE MARCHE, ANCONA, ITALY January- July 2023

Completed 6- months dissertation thesis on Human Cumulus cells focusing on miRNA and target genes from

different Controlled Ovarian Stimulation protocols.

PROJECT INTERN | EXPERTISE VENTURES, SINGAPORE

January- July 2022

Conducted research to formulate ayurvedic product development for a variety of diseases.

RESEARCH INTERN | OASIS FERTILITY CLINIC, VADODARA, GUJARAT, INDIA

January 2022

Completed 6 days internship for Basic Andrology program at OASIS School for Human Embryology and Reproductive Medicine, Vadodara.

RESEARCH INTERN | MAGGENOME, CHENNAI, TAMIL NADU, INDIA

July- August 2021

Worked in the R&D department on the project "Microbial Genomic DNA Extraction from Skin Swab using Magnetic Nanoparticles.

PROJECT TRAINEE | HBCSE, CHEMBUR, MUMBAI, INDIA

November 2018

Selected for a 10 days Research Training Programme at Homi Bhabha Centre for Science Education (HBCSE), Mumbai under The National Initiative on Undergraduate Science (NIUS) Programme.

GRANTS

Secured SSIP (Student Startup and Innovation Policy) grants for the following innovative proposals:

1. "An Enzyme-based Assay to Detect the Presence of SARS-COV2."
2. "Iron-Porphyrin Color Test - A New Diagnostic Tool for COVID-19."

CONFERENCES / WORKSHOPS

10th BGCI International Conference on Bridging Genes and Communities: Advancing Genetic Diagnostics and Counseling for tribal and community health

July 2025

Actively participated during the conference by Board of Genetic Counseling India in Ranchi, Jharkhand.

Hands on Workshop on Advanced Drosophila Genetics April 2022

Completed Hands- on training on *Drosophila melanogaster* and learned about tissue specific expressions, PCR amplification, Comparative genomics and more Organised by University of Mysore.

Hands on Workshop on Molecular and Medical Diagnostics

December 2022

Completed Hands- on training on Multiplex PCR and Interpretations of PCR Analysis Organised by Navrachana University with Bosem Technologies, USA and CoSara Diagnostics Pvt. Ltd., Vadodara.

International Conference on Reproductive Endocrinology Infertility (ICRED) - SRBCE January 2019

Actively participated and volunteered as a part of Technical and Accommodation Committee during the conference at Navrachana University, Vadodara.

ONLINE COURSES

- Certificate of attendance on theoretical course of Fetal Medicine Foundation on the 11-13 weeks scan.
- Online course on English for Healthcare from King's College, London.
- Online course on Introduction to Anatomy offered by Charles Stuart University, Australia.
- Online course in Biological Psychology by Monash University, Australia.
- Certificate in Patent Searching for Beginners from a joint initiative by IP Moment and the Department of Environmental Science and Department of Biotechnology at SRKI College.

KEY LABORATORY SKILLS

- Possess expertise in various laboratory skills, including slide preparation, microscopy, colorimetry, and spectrophotometry assays.
- Proficient in staining techniques, titration techniques, sterilization techniques, and kit-based biochemical assays for disease diagnosis.
- Experienced in NGS testing, DNA/RNA isolation and gel electrophoresis (AGE, PAGE), semen analysis, basic cell culture techniques, Drosophila and fish dissection, PCR and immunocytochemistry.

PERSONAL SKILLS

- Demonstrate problem solving and decision-making skills.
- Fluent in English, Hindi, Gujarati and Sindhi languages.
- Exhibit Self-Confidence and possess leadership and management abilities.
- Skilled in oratory and presentation
- Proficiency in software like MS Office, Graphpad Prism.

EXTRA-CURRICULAR ACTIVITIES

- Served as Treasurer of Biomedclub@NUV from 2020 to 2021.
- Engaged as a theatre artist, showcasing excellent oratory skills.
- Head of Student Council from 2016-2017 in L.P. Savani International School, Surat.
- Volunteered as a dance coordinator in Summer Camps for Lad Lohana Sindhi Community in Surat.
