Profile Info

I am an MBBS doctor with a strong foundation in medical education and clinical expertise. I completed my internship at Dr. ND Desai Medical College and graduated from Bukovinian State Medical University (Ukraine) in June 2022. Successfully cleared the licensing exam India-FMGE (December 2022) in my first attempt with an impressive score of 174. Additionally, I have completed PLAB 1 (May 2024) and PLAB 2 (December 2024), further enhancing my qualification to practice medicine internationally. A dedicated medical professional with a strong command over all subjects in the medical field, paired with hands-on experience in hospital settings. Known for excellent communication skills, adaptability, and a commitment to patient care. A motivated leader driven by hard work, passion, and a vision to excel in the medical profession.

About Me

- Problem Solver
- Clinical Thinker
- Eager to Learn
- Good Communication
- Positive Approach To Life
